RAJA YUDISTRAN

Network Engineering Student
harishczar@gmail.com

SUMMARY

Hi! I'm Raja Yudistran, known as Harish, a 20-year-old Network Engineering student from Kandy, Sri Lanka, with a passion for technology, design and the markets. I combine graphic design, Microsoft Office skills and crypto market analysis to deliver sharp, results-driven work. I offer website design, cloud security and AI-assisted digital services, and I am a fast learner with strong attention to detail, good time management and the ability to work independently in freelance environments.

SKILLS

Website design	Graphic design	Crypto market analysis
Cloud security	Microsoft Office (Word, Excel, PowerPoint)	SMC (Smart Money Concepts)
Data entry	AI tools (Claude, ChatGPT)	Risk management
Computer networking	Make.com workflow automation	Claude API integrations
Cold email copywriting	Professional presentations	Quick learner

PROFESSIONAL EXPERIENCE

Graphic Design (5 years)

- YouTube thumbnail design and visual branding
- Fast-delivery, eye-catching designs built to increase views and engagement

Crypto Market Analysis & Trading (2 years)

- Active crypto trader using Smart Money Concepts (SMC) and risk management
- Personal trading brand on X (@Harishczar)

Microsoft Office & Data Entry (3 years)

- Managed data entry tasks with high accuracy and organised spreadsheets for better analysis
- Handled large volumes of data efficiently and met deadlines
- Created well-structured documents and presentations in Word, Excel and PowerPoint
- Strong written and verbal communication, good time management, works independently
